

CS 100 TMP

Utilising tractor power, minimising cost

GreenMech
The Professionals' Choice

Customer category

Residential • Landscaper • Estate Maintenance

Looking for a small, compact chipper that utilises existing compact tractor horsepower? Your solution is the CS100 TMP. It handles 100mm branches and limbs with ease, can take from 14 PTO hp minimum up to 35hp on the PTO drive from the tractor and boasts a large in-feed chute capable of handling big armfuls of all kinds of brash, brush and trimmings. Typically, this machine is found in all amenities such as golf courses, parks, residential facilities and many more applications.

Variations of the CS100 TMP are available either as a fully mounted or trailed specification, capable of a multitude of tasks related to the safe and environmentally conscious processing of wood waste and vegetation. It is manufactured in a heavy-duty, long-life specification that will suit contractors, landscapers and large estate/parkland applications.

CS 100 TMP

Technical Specification...

Key features

- 100mm chipping capacity
- 15hp to 30hp tractor requirement
- Twin reversible chipping blades
- Adjustable discharge chute
- 195kg weight

Capacity	100mm
